

Governance, Schemes and the Module 1 Master Numbers Table

Chapter F1.13 — The Closer: The Governance Harvest, and Every Number
Module 1 Has Tested

Module	Foundation Layer — Module 1 — Indian Polity, Constitution and Governance
Chapter	Chapter F1.13
Topic	Official syllabus head 1 — Indian Polity, Constitution and Governance
Version	v1.0
Compiled	17 August 2026
Exam stage	Recruitment Test (RT)

NOTE · HOW TO USE THIS DOCUMENT

The closing chapter of Module 1, and its revision spine. The first half harvests the governance territory the paper draws on: the meaning and elements of good governance, e-governance with its models and the flagship platforms, the citizen's charter and the Sevottam framework, the Second Administrative Reforms Commission's principal recommendations, social audit and the grievance machinery, and the flagship schemes whose Ministry-and-purpose triples generated five questions in the verified 2023 paper. It applies the three-fact rule from F1.11 and F2.10 systematically to those schemes. The second half is the MODULE 1 MASTER NUMBERS TABLE - a consolidated one-page-per-topic reference of every article number, majority, threshold, tenure, schedule count and amendment number the module has taught, arranged so that the whole of Polity can be revised from this chapter alone in the final week. It closes by chaining Module 1 back to the APFC's desk one final time. Study time 3 hours.

This is the FOUNDATION layer. Constitutional provisions are settled. Scheme parameters, launch years and Ministry allocations change and are marked CONFIRM where they are liable to revision; current outlays and beneficiary counts are deliberately not stated, since they are stale by the time any paper is set. The governance concepts are drawn from the Second ARC and standard public-administration sources.

Table of Contents

0. What This Chapter Is For	3
1. Session 1 - Good Governance ★★★★★☆	4
2. Session 2 - E-Governance ★★★★★	6
3. Session 3 - Charters, the Second ARC and Grievances ★★★★★	8
4. Session 4 - The Schemes Harvest ★★★★★	11
5. Session 5 - The Module 1 Master Numbers Table ★★★★★	13
5.1 The Preamble, the Constitution, and its making	13
5.2 Majorities and procedures	13
5.3 Tenures and ages	13
5.4 Thresholds and counts	15
5.5 Time limits	16
5.6 The articles most often asked	16
6. Graded Practice - 40 Questions ★★★★★	18
6.1 Level 1 - Recognition	18
6.2 Level 2 - Understanding	19
6.3 Level 3 - Recruitment Test standard	20
7. Answers and Explanations	21
7.1 Level 1	21
7.2 Level 2	22
7.3 Level 3	22
8. One-Minute Revision	23
9. Five-Minute Wall Sheet	25

0. What This Chapter Is For

The last chapter of Module 1, doing two jobs: harvesting the governance topics, and giving you one sheet to revise the whole module from.

WHY THIS EXISTS · THE TWO HALVES, AND WHY THE SECOND MATTERS MORE

The FIRST HALF harvests governance. This is the part of the syllabus that reads "Indian Polity, Constitution and Governance", and it is where questions about **e-governance platforms, the citizen's charter, good-governance principles and flagship schemes** come from. It is factual, it is broad, and it rewards the **three-fact rule** you have used since F2.10: **nature, parent, one distinctive fact**.

The SECOND HALF is the MODULE 1 MASTER NUMBERS TABLE, and it is the more valuable of the two. Module 1 has now run to **thirteen chapters** covering the Constitution from the nature of law through to the Emergency provisions. **No candidate can re-read thirteen chapters in the final week.** What you can do is reconstruct one consolidated table - **articles, majorities, thresholds, tenures, schedules and amendments** - and that is what Section 6 provides.

This is the Polity equivalent of what F3.10 did for Social Security, and it should be used the same way: **as the single sheet you revise from once the learning is done.**

One honest note about scope. Governance is an area where **precise current figures go stale fast** - outlays change every Budget, beneficiary counts change monthly, and schemes are renamed and merged. **This chapter therefore teaches the STRUCTURE of each scheme (its purpose, its Ministry, its distinctive design feature) and deliberately omits current outlays and beneficiary numbers**, which are exactly the details a paper set months later will not test and a stale figure will get wrong. **That is the same discipline the register records for CRR and SLR: leave the volatile figure blank rather than print it stale.**

STUDY SESSION · CHAPTER F1.13 - THE FIVE SESSIONS

- 1 **Session 1** - Good governance and its elements (Section 1)
- 2 **Session 2 - E-governance**, platforms and models (Section 2)
- 3 **Session 3** - Citizen's charter, Sevottam, the Second ARC, grievance machinery (Section 3)
- 4 **Session 4 - The schemes harvest**, by the three-fact rule (Section 4)
- 5 **Session 5 - THE MODULE 1 MASTER NUMBERS TABLE** (Section 5)

Then **40 graded questions**. Budget **four sessions**, about **a day and a half**. **Session 5 is the one to return to in your final week.**

1. Session 1 - Good Governance ★★★★★☆

START FROM ZERO · GOVERNANCE AGAINST GOVERNMENT

GOVERNMENT is the institutional apparatus - the legislature, executive and judiciary you have spent twelve chapters on. **GOVERNANCE** is the **process** by which authority is exercised: how decisions are made, how resources are allocated, and how the exercise of power is held to account. **So governance is broader than government** - it includes the private sector and civil society, and it is concerned with quality rather than structure.

The distinction matters for the exam because the governance questions are not about institutions but about PROCESS and PRINCIPLES, and they are answerable by knowing a small number of standard formulations.

THE EIGHT ELEMENTS OF GOOD GOVERNANCE, in the formulation most commonly examined:

- 1 **PARTICIPATION** - all groups, including the most vulnerable, have a voice in decision-making
- 2 **RULE OF LAW** - fair legal frameworks, impartially enforced
- 3 **TRANSPARENCY** - information is freely available and decisions are made openly
- 4 **RESPONSIVENESS** - institutions serve stakeholders within a reasonable time
- 5 **CONSENSUS ORIENTATION** - mediating differing interests to reach broad agreement
- 6 **EQUITY AND INCLUSIVENESS** - all members feel they have a stake
- 7 **EFFECTIVENESS AND EFFICIENCY** - results meet needs while making the best use of resources
- 8 **ACCOUNTABILITY** - decision-makers answer to the public and to institutional stakeholders

Learn them as eight, because "which of the following is NOT an element of good governance" is a standard question format. Distractors tend to be plausible-sounding but distinct concepts: *profitability, centralisation, secrecy, uniformity*.

Note the direct overlap with what you already know. Transparency is the RTI Act from F1.11. **Accountability** is the CAG and the PAC from F1.5 and F1.11. **Rule of law** is the basic-structure feature from F1.7. **Participation** is the 73rd and 74th Amendments from F1.9. **So good governance is not a separate topic bolted onto Polity - it is the functional description of what the constitutional machinery is supposed to deliver.**

KNOW · ACCOUNTABILITY, AND THE CONCEPT OF A PUBLIC OFFICE AS A TRUST

Two distinctions worth having precisely, because they appear in interview questions rather than only in the paper.

ACCOUNTABILITY vs RESPONSIBILITY.

- 1 **RESPONSIBILITY** is the obligation to perform a task - it looks **forward** to what must be done
- 2 **ACCOUNTABILITY** is the obligation to **answer** for how the task was performed - it looks **backward** and implies a forum to answer to, and consequences

So an APFC is RESPONSIBLE for determining dues under Section 7A, and ACCOUNTABLE for that determination to the CGIT on appeal, to the High Court under Article 226, to the CAG on audit, and to a citizen under the RTI Act. That sentence draws on F3.4, F1.7, F1.11 and this chapter at once, and it is the clearest possible illustration of the distinction.

THREE FORMS OF ACCOUNTABILITY the literature distinguishes:

- 1 **VERTICAL** - to superiors and ultimately to elected representatives and the electorate
- 2 **HORIZONTAL** - to parallel institutions such as the CAG, the CVC, the courts and the Information Commissions
- 3 **SOCIAL** - directly to citizens, through social audit, public hearings and the RTI

And the underlying idea that unifies the chapter: a public office is a TRUST, not a possession. The powers attached to it are held for the benefit of others, which is why they must be exercised for the purpose for which they were conferred, on relevant considerations, and with reasons that can be stated. **That is the administrative-law statement of exactly the same proposition F3.4 taught operationally: show your working.**

CHECK YOURSELF · SESSION 1

- 1 Distinguish government from governance
- 2 Name the eight elements of good governance
- 3 Map four of them onto specific constitutional or statutory machinery from earlier chapters
- 4 Distinguish responsibility from accountability, and illustrate both with the APFC's Section 7A power
- 5 Name the three forms of accountability with an example of each
- 6 Explain the idea of public office as a trust, and connect it to F3.4's instruction

2. Session 2 - E-Governance ★★★★★

MUST MASTER · THE FOUR INTERACTION MODELS, AND THE PLATFORMS

E-governance is the use of information and communication technology to deliver government services, exchange information, and integrate previously separate systems.

Its purpose is not merely computerisation but **process re-engineering** - which is why the Second ARC insisted that **business process re-engineering must precede automation**, since digitising a bad process merely makes it faster.

THE FOUR INTERACTION MODELS - a standard examination set:

- 1 **G2C - Government to Citizen** - service delivery to individuals. Examples: passport services, income-tax filing, **UMANG**, **DigiLocker**
- 2 **G2B - Government to Business** - regulatory and procurement interaction. Examples: **GeM (Government e-Marketplace)**, single-window clearances, **Shram Suvidha** for establishments
- 3 **G2G - Government to Government** - between departments and between levels of government. Examples: **e-Office**, inter-departmental data exchange
- 4 **G2E - Government to Employee** - internal services to government staff. Examples: payroll, pension and personnel systems

Mnemonic: C, B, G, E - Citizen, Business, Government, Employee.

THE PLATFORMS to know as triples (name, purpose, one distinctive feature):

- 1 **DIGITAL INDIA** - launched **2015**, the umbrella programme, resting on **three vision areas**: digital infrastructure as a utility to every citizen; governance and services on demand; and digital empowerment of citizens
- 2 **UMANG** - Unified Mobile Application for New-age Governance - a **single mobile app** aggregating services of multiple departments. **Note: EPFO services are available on UMANG**, which is the connection to your own organisation
- 3 **DigiLocker** - cloud-based storage and sharing of **authenticated documents**, giving digital documents the same legal status as originals
- 4 **GeM** - Government e-Marketplace, for **public procurement**
- 5 **e-Courts** - case information, e-filing and virtual hearings
- 6 **CPGRAMS** - Centralised Public Grievance Redress and Monitoring System, the Session 3 topic
- 7 **Aadhaar** - a unique identity number issued by the **UIDAI**, established as a statutory authority under the **Aadhaar Act 2016**. **Recall from F1.5 that the Act was passed as a MONEY BILL and the certification was upheld in Puttaswamy (Aadhaar) 2018**
- 8 **DBT - Direct Benefit Transfer** - transferring subsidies and benefits directly to beneficiary bank accounts, resting on the **JAM trinity: Jan Dhan accounts, Aadhaar, Mobile**
- 9 **Shram Suvidha Portal** - the F2.10 platform, allotting a **Labour Identification Number (LIN)**, enabling a single online return, and providing **randomised, web-based allocation of inspections** for the Inspector-cum-Facilitator
- 10 **e-Shram** - launched **2021**, the national database of unorganised workers with its own **UAN** (F3.8), distinct from EPFO's UAN

The JAM trinity is worth stating precisely because it is regularly asked: JAN DHAN, AADHAAR, MOBILE. It is the plumbing that makes DBT possible, and DBT is the mechanism by which most cash-benefit schemes in F3.9 actually reach beneficiaries.

KNOW · THE BENEFITS, AND THE HONEST LIMITATIONS**BENEFITS, which are real:**

- 1 **SPEED and CONVENIENCE** - services available without visiting an office
- 2 **TRANSPARENCY** - digital records are harder to alter and easier to disclose under RTI
- 3 **REDUCED DISCRETION and therefore reduced rent-seeking** - a randomised inspection allocation cannot be steered, which is precisely why Shram Suvidha was designed that way
- 4 **AUDIT TRAILS** - every transaction leaves a record, which strengthens both accountability and prosecution
- 5 **COST REDUCTION** at scale

LIMITATIONS, which a balanced answer must name:

- 1 **THE DIGITAL DIVIDE** - connectivity, device access and digital literacy are unevenly distributed, and the people most dependent on welfare are often least able to access digital channels. **This is the most serious objection**
- 2 **EXCLUSION ERRORS** - authentication failures can deny a benefit to an entitled person. **The distinction between INCLUSION errors (a benefit reaching someone not entitled) and EXCLUSION errors (an entitled person being denied) matters, because digitisation tends to reduce the first while risking the second**
- 3 **PRIVACY AND DATA PROTECTION** - addressed by **KS Puttaswamy (2017)**, which held **privacy to be a Fundamental Right under Article 21**, and legislatively by the **Digital Personal Data Protection Act 2023**
- 4 **CAPACITY** - systems fail where staff are not trained or processes not re-engineered

The balanced formulation, and it applies directly to your own organisation: e-governance improves speed, transparency and auditability, **but its legitimacy depends on maintaining a non-digital fallback for those it cannot reach.** An EPFO office that can only accept a claim online has excluded the member who most needs it. **That is why the digital divide is a design constraint, not merely a criticism.**

CHECK YOURSELF · SESSION 2

- 1 Define e-governance and state why process re-engineering must precede automation
- 2 Name the four interaction models with an example of each
- 3 Name Digital India's three vision areas and its launch year
- 4 Name six platforms with their purposes; which two are directly relevant to EPFO?
- 5 State the JAM trinity and what it enables
- 6 Name five benefits and four limitations
- 7 Distinguish inclusion errors from exclusion errors, and say which digitisation risks
- 8 Which case made privacy a Fundamental Right, and which Act now governs data protection?

3. Session 3 - Charters, the Second ARC and Grievances ★★★★★

MUST MASTER · THE CITIZEN'S CHARTER AND SEVOTTAM

A CITIZEN'S CHARTER is a voluntary, public declaration by a service-providing organisation of the standards of service a citizen may expect, the remedies available if those standards are not met, and the means of redress. It originated in the **United Kingdom in 1991**, and was adopted in India following the **Chief Ministers' Conference of 1997**, which resolved that citizens' charters be formulated by departments with substantial public interface.

The six essential components of a charter:

- 1 **VISION AND MISSION** statement of the organisation
- 2 **The BUSINESS** it transacts - what it actually does
- 3 **The CLIENTS** it serves
- 4 **The SERVICES** provided to each client group, with **TIME STANDARDS**
- 5 **Details of the GRIEVANCE REDRESS MECHANISM** and how to access it
- 6 **EXPECTATIONS FROM CLIENTS** - what the organisation needs from citizens to deliver

The critical limitation, and it is regularly examined: A CITIZEN'S CHARTER IS NOT LEGALLY ENFORCEABLE. It creates no cause of action. The Second ARC recommended making standards enforceable, and the **Right of Citizens for Time Bound Delivery of Goods and Services and Redressal of their Grievances Bill 2011** would have done so - **but it lapsed and was never enacted. Several States have enacted their own Public Service Delivery Guarantee Acts** - Madhya Pradesh being the first, in **2010** - which **do** make time standards enforceable with penalties. **So the position is: no central statutory guarantee, but State-level statutory guarantees in many States.**

SEVOTTAM - the framework for **assessing and improving public service delivery**, whose name combines *seva* (service) and *uttam* (excellence). It has **THREE MODULES**:

- 1 **CITIZEN'S CHARTER** - and its implementation
- 2 **PUBLIC GRIEVANCE REDRESS** - a robust and accessible mechanism
- 3 **SERVICE DELIVERY CAPABILITY** - the systems, people and processes needed to deliver

The three Sevottam modules are a standard question, and the framework's logic is worth stating: **a charter without a grievance mechanism is a promise with no remedy, and both without delivery capability are aspiration.**

KNOW · THE SECOND ADMINISTRATIVE REFORMS COMMISSION

The **Second ARC** was constituted in **2005** under the chairmanship of **Veerappa Moily** (later **V Ramachandran**), and produced **FIFTEEN REPORTS** between 2006 and 2009. **The number fifteen is examinable.**

The reports most often referred to, by name:

- 1 **First report - "RIGHT TO INFORMATION: MASTER KEY TO GOOD GOVERNANCE".** The title is a favourite question. It recommended, among much else, the repeal of the **Official Secrets Act 1923**
- 2 **Fourth report - "ETHICS IN GOVERNANCE"** - recommended a **National Ombudsman (Rashtriya Lokayukta)**, partial State funding of elections, and reform of the Prevention of Corruption Act
- 3 **Tenth report - "REFRESHING GOVERNANCE FOR GROWTH"**
- 4 **Twelfth report - "CITIZEN CENTRIC ADMINISTRATION: THE HEART OF GOVERNANCE"** - the source of the **Sevottam** recommendations and of the proposal to make citizens' charters enforceable
- 5 **Fifteenth and final report - "STATE AND DISTRICT ADMINISTRATION"**

Principal recommendations across the reports, in outline:

- 1 **Decentralisation and delegation** - decisions taken as close to the citizen as possible, which is the **subsidiarity** principle underlying the 73rd and 74th Amendments
- 2 **Single-window** service delivery and process simplification
- 3 **Citizen's charters made ENFORCEABLE**, with a defined remedy
- 4 **Independent grievance machinery** and the institution of an Ombudsman
- 5 **Protection of whistleblowers** - later given effect by the **Whistle Blowers Protection Act 2014**
- 6 **Social audit** as a routine accountability mechanism
- 7 **Performance-linked accountability** in the civil service, and rationalisation of the appraisal system

The FIRST ARC, for contrast, was constituted in 1966 under Morarji Desai and later K Hanumanthaiya, and produced 20 reports. Its best-known recommendation was the creation of the **Lokpal and Lokayukta** institutions - which took until **2013** to be enacted, as F1.11 records.

MUST MASTER · GRIEVANCE MACHINERY AND SOCIAL AUDIT

CPGRAMS - the Centralised Public Grievance Redress and Monitoring System is the online platform through which a citizen may lodge a grievance against any Central Government department, track it, and appeal. It is administered by the **Department of Administrative Reforms and Public Grievances (DARPG)**, under the **Ministry of Personnel, Public Grievances and Pensions**.

Note the Ministry, because it is examinable and slightly counter-intuitive: the Ministry of PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS is under the direct charge of the PRIME MINISTER, and it houses **DARPG**, the **Department of Personnel and Training (DoPT)**, and the **Department of Pension and Pensioners' Welfare**.

SOCIAL AUDIT is the examination of a programme's performance by the very community it is intended to benefit, conducted in a **public forum** with records disclosed.

- 1 It is **statutorily mandated under MGNREGA**, which requires the **Gram Sabha** to conduct regular social audits of all works - **the F1.9 Gram Sabha given a concrete accountability function**
- 2 **Meghalaya enacted the first dedicated social audit law**, the Meghalaya Community Participation and Public Services Social Audit Act **2017**
- 3 Its logic is the **social accountability** strand from Session 1: not to a superior and not to a parallel institution, but **directly to citizens**

Two further mechanisms to complete the picture:

- 1 **PUBLIC INTEREST DISCLOSURE** - the **Whistle Blowers Protection Act 2014** provides a mechanism to report corruption and misuse of power while protecting the discloser's identity
- 2 **THE LOKPAL AND LOKAYUKTAS ACT 2013** - the statutory ombudsman machinery covered in F1.11

And note the connection to your own organisation. EPFO grievances run through **EPFiGMS**, the organisation's own grievance system, which is linked to **CPGRAMS**. **So a member dissatisfied with a claim settlement has three distinct routes: the departmental grievance system, an RTI application under F1.11, and - where a legal right is affected - the statutory appeal and then Article 226.** Knowing which route answers which kind of complaint is a genuinely useful administrative skill, and it is the practical payoff of this session.

CHECK YOURSELF · SESSION 3

- 1 Define a citizen's charter and name its six components
- 2 Where did it originate, and when was it adopted in India?
- 3 Is a citizen's charter legally enforceable? What happened to the 2011 Bill, and what have States done?
- 4 Name the three Sevottam modules and explain the framework's logic
- 5 When was the Second ARC constituted, who chaired it, and how many reports did it produce?
- 6 Give the titles of its first, fourth and twelfth reports
- 7 What did the First ARC recommend, and when was it acted on?
- 8 What is CPGRAMS, which Department runs it, and under which Ministry?
- 9 Define social audit; under which statute is it mandatory, and which body conducts it?
- 10 Name the three routes available to a dissatisfied EPFO member

4. Session 4 - The Schemes Harvest ★★★★★

PYQ CONNECTION · WHY THIS SESSION EXISTS, AND THE EXACT TECHNIQUE

Recall the evidence from F2.10 and F1.11. **Five questions in the verified 2023 paper were answered by the three-fact rule:** CAMPA, BIRAC, eSanjeevani, the Department of Economic Affairs, and the National Health Policy's 2.5 per cent of GDP target.

So the technique is settled: learn each scheme or body as a TRIPLE.

- 1 **NATURE** - scheme, fund, mission, statutory body, or programme
- 2 **PARENT** - which Ministry
- 3 **ONE DISTINCTIVE FACT** - a purpose, a design feature, or a defining number

What this session does NOT do is list current outlays or beneficiary counts. Those are stale within months and are not what the paper asks. **What it asks is which Ministry runs a scheme and what the scheme is for** - and that is what follows.

MUST MASTER · THE SCHEMES HARVEST, BY SECTOR

SOCIAL SECURITY AND LABOUR - Ministry of Labour and Employment. Your own Ministry. All of these are taught in Module 3, and are listed here as triples for revision.

- 1 **PM-SYM** - pension for unorganised workers, **50:50** matching, **Rs 3,000** at 60
- 2 **NPS-Traders** - pension for small traders, turnover up to **Rs 1.5 crore**
- 3 **Atal Pension Yojana** - **PFRDA**-administered, five tiers **Rs 1,000-5,000**
- 4 **e-Shram** - national database of unorganised workers, launched **2021**
- 5 **ELI (Employment Linked Incentive)** - delivered **through EPFO** on the UAN and ECR rails
- 6 **National Career Service** - job matching, under the **Directorate General of Employment**

FINANCIAL INCLUSION AND INSURANCE - Ministry of Finance.

- 1 **PMJDY (Jan Dhan)** - **zero-balance** bank accounts; the "J" of the JAM trinity
- 2 **PMJJBY** - life cover **Rs 2 lakh** for **Rs 436**
- 3 **PMSBY** - accident cover **Rs 2 lakh** for **Rs 20**
- 4 **PM MUDRA Yojana** - collateral-free micro-enterprise loans in three categories: **SHISHU, KISHORE, TARUN**
- 5 **Stand-Up India** - loans for **SC, ST and women** entrepreneurs

HEALTH - Ministry of Health and Family Welfare.

- 1 **Ayushman Bharat PM-JAY** - **Rs 5 lakh per family per year**, hospitalisation, **SECC**-identified beneficiaries, **60:40** funding
- 2 **Ayushman Bharat Health and Wellness Centres** - primary care and screening
- 3 **eSanjeevani** - national **TELEMEDICINE** service (the 2023 question)
- 4 **National Health Mission** - the umbrella covering NRHM and NUHM
- 5 **Mission Indradhanush** - **immunisation**
- 6 **National Health Policy 2017** - target of **public health expenditure at 2.5 per cent of GDP** (the 2023 question)

RURAL AND URBAN DEVELOPMENT.

- 1 **MGNREGA** - Ministry of **Rural Development**; **100 days** of guaranteed wage employment per rural household; **statutory social audit by the Gram Sabha**
- 2 **PMAY-Gramin** and **PMAY-Urban** - housing; Rural Development and **Housing and Urban Affairs** respectively
- 3 **Swachh Bharat Mission** - sanitation, both Gramin and Urban
- 4 **Jal Jeevan Mission** - **Ministry of Jal Shakti**; household tap water connections
- 5 **Smart Cities Mission** and **AMRUT** - Ministry of Housing and Urban Affairs
- 6 **DAY-NRLM (Aajeevika)** and **DAY-NULM** - livelihoods missions, rural and urban

AGRICULTURE - Ministry of Agriculture and Farmers' Welfare.

- 1 **PM-KISAN** - income support to landholding farmer families, paid in **three instalments** by **DBT**
- 2 **PM Fasal Bima Yojana** - crop insurance
- 3 **e-NAM** - electronic National Agriculture Market
- 4 **Soil Health Card** and **PM Krishi Sinchayee Yojana** - soil testing and irrigation

EDUCATION, SKILLS AND WOMEN AND CHILDREN.

- 1 **Samagra Shiksha** and **PM POSHAN** (the mid-day meal scheme, renamed) - Ministry of **Education**
- 2 **National Education Policy 2020** - Ministry of Education
- 3 **Skill India / PMKVY** - Ministry of **Skill Development and Entrepreneurship**
- 4 **Beti Bachao Beti Padhao, PMMVY** (maternity benefit outside formal employment), **Mission Shakti, POSHAN Abhiyaan** - Ministry of **Women and Child Development**
- 5 **Mission Vatsalya** - child protection

ENVIRONMENT AND OTHERS - the bodies from the 2023 paper.

- 1 **CAMPA** - Compensatory Afforestation Fund Management and Planning Authority, **Ministry of Environment, Forest and Climate Change**; a **FUND** for compensatory afforestation, given statutory footing by the **CAF Act 2016** (the 2023 question)
- 2 **BIRAC** - Biotechnology Industry Research Assistance Council, **Department of Biotechnology, Ministry of Science and Technology**; supports **biotech innovation in enterprises** (the 2023 question)
- 3 **Department of Economic Affairs - Ministry of Finance**; handles economic policy, the Budget, and external assistance (the 2023 question)
- 4 **National Clean Air Programme** - Environment Ministry
- 5 **UJALA** and **PM-KUSUM** - Ministry of **Power** and **New and Renewable Energy** respectively

The four 2023-tested items are marked above. Note that **three of the five were about identifying the parent Ministry or the purpose** - which is exactly what the three-fact rule delivers, and why no outlay figures are needed.

CHECK YOURSELF · SESSION 4

- 1 State the three-fact rule and the evidence for its value
- 2 Name the Ministry for MGNREGA, Jal Jeevan Mission, PM-KISAN, PMKVY and PMMVY
- 3 Name the three MUDRA categories
- 4 What is eSanjeevani, and which 2023 question did it answer?
- 5 What is CAMPA, which Ministry, and under which Act was it given statutory footing?
- 6 What is BIRAC and which Department runs it?
- 7 What is the National Health Policy 2017's expenditure target?
- 8 Name the six Labour and Employment Ministry items and their distinctive numbers

5. Session 5 - The Module 1 Master Numbers Table

The single sheet to revise the whole of Polity from.

5.1 The Preamble, the Constitution, and its making

Item	Fact
Constituent Assembly first met	9 December 1946
Constitution adopted	26 November 1949
Constitution commenced	26 January 1950
Time taken	2 years, 11 months, 18 days
Chairman, Drafting Committee	Dr BR Ambedkar
President, Constituent Assembly	Dr Rajendra Prasad
Objectives Resolution moved by	Jawaharlal Nehru, 13 December 1946
Words added to Preamble by the 42nd Amendment	Socialist, Secular, Integrity
Original Articles / Parts / Schedules	395 Articles, 22 Parts, 8 Schedules
Present Schedules	12

5.2 Majorities and procedures

Requirement	Where it applies
Simple majority	Ordinary Bills · Arts 2 and 3 · President's Rule approval · Financial Emergency approval · Lok Sabha resolution revoking a National Emergency · State ratification of an amendment
Special majority (total membership + 2/3 present and voting)	Constitution amendments · National Emergency approval · removal of a judge , CEC , CAG · removal of the Vice-President (RS: all-then-members) · impeachment of the President (2/3 of TOTAL membership)
Special majority + ratification by half the States	President's election · executive power of Union and States · SC and HCs · legislative distribution · Seventh Schedule Lists · State representation · Art 368 · GST Council
Two-thirds of members present and voting (Rajya Sabha)	Article 249 resolution
Three-fourths of weighted votes	GST Council decisions
Two-thirds of a legislature party	Tenth Schedule merger exception

5.3 Tenures and ages

Office	Tenure / age
President	5 years · min age 35

Office	Tenure / age
Vice-President	5 years · min age 35 , qualified for the Rajya Sabha
Lok Sabha	5 years · member min age 25
Rajya Sabha member	6 years , 1/3 retiring every 2 years · min age 30
Supreme Court judge	retires at 65
High Court judge	retires at 62
CAG	6 years or 65 · no further office
CEC and ECs	6 years or 65
UPSC member	6 years or 65
State PSC member	6 years or 62
Panchayat / Municipality	5 years · member min age 21
Finance Commission	constituted every 5 years
State Finance Commission	constituted every 5 years
NHRC Chairperson	3 years or 70
CVC	4 years or 65
Lokpal	5 years or 70

5.4 Thresholds and counts

Item	Number
Rajya Sabha maximum	250 (238 elected + 12 nominated)
Lok Sabha maximum	552 (effective 550 after the 104th Amendment)
Council of Ministers cap	15% of the House · State minimum 12
Supreme Court sanctioned strength	34 (CJI + 33)
High Courts	25
Eleventh Schedule subjects	29 (panchayats)
Twelfth Schedule subjects	18 (municipalities)
Original Seventh Schedule entries	Union 97 · State 66 · Concurrent 47
Intermediate panchayat may be omitted below	20 lakh population
Wards Committee compulsory at	3 lakh population
Metropolitan area	10 lakh population
District Planning Committee elected members	not less than 4/5
Metropolitan Planning Committee elected members	not less than 2/3
Women's reservation in local bodies	not less than 1/3
PESA ST seat reservation	not less than 1/2 , all chairperson offices
Finance Commission members	Chairman + 4
15th FC vertical share	41% (14th was 42%)
15th FC weights	income distance 45 · population 15 · area 15 · forest 10 · demographic performance 12.5 · tax effort 2.5
Election Commission members	3 since 1993
National Commissions (SC/ST/BC)	Chair + Vice-Chair + 3 members
Central Information Commission	Chief + up to 10
Lokpal	Chair + up to 8 , half judicial
PAC members	22 (15 LS + 7 RS)
Estimates Committee	30 , Lok Sabha only
Departmentally Related Standing Committees	24

5.5 Time limits

Matter	Period
Money Bill in the Rajya Sabha	14 days
Joint sitting trigger	6 months without action
Ordinance expiry after reassembly	6 weeks
National Emergency approval	1 month
President's Rule approval	2 months
Financial Emergency approval	2 months
President's Rule maximum	3 years
Special sitting on Emergency revocation notice	14 days
Vote on Account	2 months
Minister must become a member within	6 months
Local body election after dissolution	6 months
New President after a vacancy	6 months
RTI ordinary reply	30 days
RTI life or liberty	48 hours
RTI first appeal / second appeal	30 days / 90 days
RTI penalty	Rs 250 per day, max Rs 25,000

ACTION · MODULE 1 COMPLETE - AND THE FINAL CHAIN

Thirteen chapters, and the whole of Polity now rests on one argument you can state in ninety seconds.

Karachi Resolution 1931 → Articles 39, 41, 42 and 43 in Part IV, non-justiciable under Article 37 (F1.4) → Parliament legislates voluntarily, drawing competence from Concurrent Entries 23 and 24 with Article 246 (F1.8), through the seven-stage process with no joint sitting available for amendments (F1.5) → the EPF & MP Act 1952, an enabling Act → under which the executive frames three Schemes and notifies them in the President's name under Article 77 (F1.6) → creating EPFO, a statutory body (F1.11) governed by a tripartite Central Board of Trustees → EPFO being an "other authority" is "State" under Article 12 (F1.3) → so an APFC's Section 7A power is quasi-judicial, bound by Article 14 and by Article 21 as read in *Maneka Gandhi* → the money for it voted by Parliament through the Appropriation Act on a share of taxes fixed by the Finance Commission under Article 280 (F1.10) → the accounts audited by the CAG under Article 148 and examined by the Public Accounts Committee (F1.5, F1.11) → the officer answerable to a citizen under the RTI Act 2005 (F1.11) → and the order reviewable on appeal to the CGIT and thereafter by the High Court under Article 226, whose judicial review cannot be excluded because L Chandra Kumar held it part of the basic structure (F1.7) → the writ sought being certiorari.

Every chapter of Module 1 appears in that sentence. That is what the module was for.

Next: MODULE 5 - History, Freedom Movement, Art and Culture (F5.1-F5.10). The register records the settled decision for it: **both ancient/cultural and modern history, with art and architecture given full weight**, because the 2023 paper was **9 of 10 ancient, medieval and culture** while 2025 was about half modern. **Questions are recognition and matching, so partial knowledge scores - the chapters will be built for RECOGNITION, not recall.**

6. Graded Practice - 40 Questions ★★★★★

6.1 Level 1 - Recognition

Q. 1. Which one of the following is not among the eight elements of good governance?

(a) Participation (b) Accountability (c) Profitability (d) Responsiveness

Q. 2. Digital India was launched in

(a) 2012 (b) 2014 (c) 2015 (d) 2019

Q. 3. The Government e-Marketplace is an example of

(a) G2C (b) G2B (c) G2G (d) G2E

Q. 4. The JAM trinity consists of

(a) Jan Dhan, Aadhaar, Mobile (b) Jan Dhan, Agriculture, Manufacturing (c) Justice, Accountability, Merit (d) Jal, Awas, Manrega

Q. 5. The citizen's charter concept originated in

(a) the United States in 1985 (b) the United Kingdom in 1991 (c) India in 1997 (d) Australia in 1993

Q. 6. The citizen's charter was adopted in India following the

(a) First ARC report (b) Chief Ministers' Conference of 1997 (c) 73rd Amendment (d) RTI Act

Q. 7. A citizen's charter is

(a) legally enforceable in all States (b) not legally enforceable at the central level (c) enforceable only against local bodies (d) a constitutional obligation

Q. 8. The three modules of Sevottam are

(a) charter, grievance redress, service delivery capability (b) planning, execution, audit (c) transparency, accountability, participation (d) centre, state, local

Q. 9. The Second ARC produced

(a) 10 reports (b) 12 reports (c) 15 reports (d) 20 reports

Q. 10. The first report of the Second ARC was titled

(a) Ethics in Governance (b) Right to Information: Master Key to Good Governance (c) Citizen Centric Administration (d) State and District Administration

Q. 11. CPGRAMS is administered by

(a) the Cabinet Secretariat (b) DARPG, under the Ministry of Personnel, Public Grievances and Pensions (c) NITI Aayog (d) the Central Information Commission

Q. 12. Social audit is statutorily mandated under

(a) the RTI Act (b) MGNREGA (c) the Lokpal Act (d) the Companies Act

Q. 13. eSanjeevani is

(a) a crop insurance scheme (b) the national telemedicine service (c) a skill development mission (d) a pension scheme

Q. 14. CAMPA relates to

(a) compensatory afforestation (b) crop insurance (c) urban transport (d) medical education

Q. 15. BIRAC operates under the

(a) Ministry of Health (b) Department of Biotechnology, Ministry of Science and Technology (c) Ministry of Agriculture (d) Ministry of Education

Q. 16. The National Health Policy 2017 targets public health expenditure at

(a) 1.5% of GDP (b) 2.5% of GDP (c) 4% of GDP (d) 6% of GDP

Q. 17. MGNREGA guarantees

(a) 50 days of employment (b) 100 days of employment per rural household (c) 200 days of employment (d) employment to all citizens

Q. 18. The three MUDRA loan categories are

(a) Shishu, Kishore, Tarun (b) Small, Medium, Large (c) Alpha, Beta, Gamma (d) Bronze, Silver, Gold

6.2 Level 2 - Understanding

Q. 19. The distinction between government and governance is that

(a) they are synonyms (b) government is the institutional apparatus while governance is the process by which authority is exercised (c) governance applies only to local bodies (d) government is broader

Q. 20. Responsibility differs from accountability in that

(a) they are identical (b) responsibility looks forward to what must be done, accountability backward to answering for how it was done (c) accountability applies only to Ministers (d) responsibility implies a forum to answer to

Q. 21. Accountability of an APFC to the CAG on audit and to the High Court under Article 226 is an example of

(a) vertical accountability (b) horizontal accountability (c) social accountability (d) no accountability

Q. 22. The Second ARC insisted that automation be preceded by

(a) recruitment (b) business process re-engineering (c) budget approval (d) legislation

Q. 23. The most serious limitation of e-governance is

(a) cost (b) the digital divide in connectivity, device access and digital literacy (c) speed (d) the audit trail

Q. 24. Digitisation tends to reduce inclusion errors while risking

(a) nothing (b) exclusion errors, where an entitled person is denied a benefit (c) higher outlays (d) reduced transparency

Q. 25. Privacy was held to be a Fundamental Right under Article 21 in

(a) ADM Jabalpur 1976 (b) KS Puttaswamy 2017 (c) Kesavananda 1973 (d) SR Bommai 1994

Q. 26. The Right of Citizens for Time Bound Delivery of Goods and Services Bill 2011

(a) was enacted in 2011 (b) lapsed and was never enacted, though several States have their own Public Service Delivery Guarantee Acts (c) was struck down (d) became the RTI Act

Q. 27. The First ARC's best-known recommendation was

(a) the RTI Act (b) the creation of the Lokpal and Lokayukta institutions (c) the 73rd Amendment (d) Sevottam

Q. 28. Social audit exemplifies

(a) vertical accountability (b) horizontal accountability (c) social accountability, directly to citizens (d) judicial accountability

Q. 29. The Ministry of Personnel, Public Grievances and Pensions is under the charge of the

(a) Home Minister (b) Prime Minister (c) Finance Minister (d) Cabinet Secretary

Q. 30. EPFO services are available on

(a) GeM (b) UMANG (c) e-NAM (d) DigiLocker only

Q. 31. Whistleblower protection is provided by the

(a) RTI Act 2005 (b) Whistle Blowers Protection Act 2014 (c) Lokpal Act 2013 (d) CVC Act 2003

Q. 32. PMMVY is administered by the Ministry of

(a) Labour and Employment (b) Health and Family Welfare (c) Women and Child Development (d) Rural Development

Q. 33. Jal Jeevan Mission is administered by the Ministry of

(a) Rural Development (b) Jal Shakti (c) Housing and Urban Affairs (d) Environment

6.3 Level 3 - Recruitment Test standard**Q. 34. Match List-I with List-II and select the correct answer using the code below:**

List-I	List-II
A. eSanjeevani	1. Compensatory afforestation
B. CAMPA	2. Biotech innovation support
C. BIRAC	3. National telemedicine service
D. GeM	4. Public procurement

(a) A-3 B-1 C-2 D-4 (b) A-3 B-2 C-1 D-4 (c) A-1 B-3 C-2 D-4 (d) A-4 B-1 C-2 D-3

Q. 35. Consider the following statements:

- 1 A citizen's charter is not legally enforceable at the central level.
- 2 Madhya Pradesh was the first State to enact a Public Service Delivery Guarantee Act, in 2010.
- 3 The Second ARC recommended making citizens' charters enforceable.

Which of the above statements are correct?

(a) 1 and 2 only (b) 2 and 3 only (c) 1 and 3 only (d) 1, 2 and 3

Q. 36. The special majority required for a Constitution amendment is the same as that required for

(a) approval of President's Rule (b) approval of a National Emergency (c) approval of a Financial Emergency (d) passing a Money Bill

Q. 37. Which one of the following pairs is not correctly matched?

(a) Eleventh Schedule - 29 subjects (b) Twelfth Schedule - 18 subjects (c) Supreme Court sanctioned strength - 34 (d) Wards Committee threshold - 10 lakh population

Q. 38. Consider the following statements:

- 1 The Rajya Sabha's maximum strength is 250 and the Lok Sabha's is 552.
- 2 A Minister must become a member of either House within six months.
- 3 The maximum period of President's Rule is three years.

Which of the above statements are correct?

(a) 1 and 2 only (b) 2 and 3 only (c) 1 and 3 only (d) 1, 2 and 3

Q. 39. An APFC is responsible for determining dues under Section 7A and accountable for that determination to

(a) the Central Board of Trustees alone (b) the CGIT on appeal, the High Court under Article 226, the CAG on audit, and a citizen under the RTI Act (c) the Prime Minister (d) no external forum

Q. 40. The reason this chapter omits current scheme outlays and beneficiary counts is that

(a) they are secret (b) they go stale quickly and are not what the paper tests, which is the Ministry and the purpose (c) they are in the Twelfth Schedule (d) they are covered in Module 3

7. Answers and Explanations

7.1 Level 1

Q	Ans	Explanation
1	c	Profitability is not an element of good governance. The eight are participation, rule of law, transparency, responsiveness, consensus orientation, equity and inclusiveness, effectiveness and efficiency, and accountability
2	c	2015
3	b	G2B - Government to Business, for public procurement
4	a	Jan Dhan, Aadhaar, Mobile - the plumbing that makes DBT possible
5	b	United Kingdom, 1991
6	b	Chief Ministers' Conference of 1997
7	b	Not legally enforceable centrally - the 2011 Bill lapsed, though several States have their own Acts
8	a	Charter, grievance redress, service delivery capability
9	c	15 reports , between 2006 and 2009
10	b	"Right to Information: Master Key to Good Governance" - the title is a favourite question
11	b	DARPG , under the Ministry of Personnel, Public Grievances and Pensions
12	b	MGNREGA , with the Gram Sabha conducting it
13	b	The national telemedicine service - a 2023 question
14	a	Compensatory afforestation , under the Environment Ministry, statutory under the CAF Act 2016
15	b	Department of Biotechnology, Ministry of Science and Technology
16	b	2.5% of GDP - a 2023 question
17	b	100 days per rural household
18	a	Shishu, Kishore, Tarun

7.2 Level 2

Q	Ans	Explanation
19	b	Government is the apparatus; governance is the process. Governance is the broader concept
20	b	Responsibility looks forward; accountability looks backward and implies a forum and consequences
21	b	Horizontal - to parallel institutions such as the CAG and the courts, as distinct from vertical (to superiors) and social (to citizens)
22	b	Business process re-engineering - digitising a bad process merely makes it faster
23	b	The digital divide - and it is why a non-digital fallback is a design constraint, not merely a criticism
24	b	Exclusion errors - authentication failure denying an entitled person a benefit
25	b	KS Puttaswamy 2017
26	b	Lapsed; States have their own Acts , Madhya Pradesh being first in 2010
27	b	The Lokpal and Lokayukta institutions - recommended by the First ARC (1966) and enacted only in 2013
28	c	Social accountability - directly to citizens, in a public forum
29	b	The Prime Minister
30	b	UMANG - the single-app aggregator
31	b	Whistle Blowers Protection Act 2014
32	c	Women and Child Development
33	b	Jal Shakti

7.3 Level 3

Q	Ans	Explanation
34	a	A-3 eSanjeevani telemedicine; B-1 CAMPA afforestation; C-2 BIRAC biotech; D-4 GeM procurement
35	d	All three correct
36	b	Approval of a National Emergency - the same special majority, introduced by the 44th Amendment. President's Rule and Financial Emergency need only a simple majority
37	d	(d) is wrong. The Wards Committee threshold is 3 lakh ; 10 lakh is the definition of a metropolitan area
38	d	All three correct
39	b	All four forums - which is the clearest illustration of the responsibility/accountability distinction, and it draws on F3.4, F1.7, F1.11 and this chapter at once
40	b	They go stale and are not what the paper tests. The same discipline the register applies to CRR and SLR: leave a volatile figure out rather than print it stale

8. One-Minute Revision

ONE-MINUTE REVISION · CHAPTER F1.13 - GOVERNANCE AND MODULE 1 MASTER NUMBERS

GOVERNMENT vs GOVERNANCE government = the **apparatus**; governance = the **process** by which authority is exercised, resources allocated and power held to account · governance is **broad**, including private sector and civil society

EIGHT ELEMENTS OF GOOD GOVERNANCE PARTICIPATION · RULE OF LAW · TRANSPARENCY · RESPONSIVENESS · CONSENSUS ORIENTATION · EQUITY AND INCLUSIVENESS ·

EFFECTIVENESS AND EFFICIENCY · ACCOUNTABILITY · distractors: profitability, centralisation, secrecy, uniformity · *each maps onto machinery already learned - transparency = RTI, accountability = CAG and PAC, rule of law = basic structure, participation = 73rd/74th*

RESPONSIBILITY vs ACCOUNTABILITY responsibility looks **FORWARD** to the task; accountability looks **BACKWARD**, implying a **forum and consequences** · **an APFC is RESPONSIBLE for the s.7A determination and ACCOUNTABLE to the CGIT, the High Court under Art 226, the CAG on audit, and a citizen under RTI** · three forms: **VERTICAL** (superiors, electorate) ·

HORIZONTAL (CAG, CVC, courts, Information Commissions) · **SOCIAL** (social audit, RTI) · *a public office is a TRUST, not a possession - the administrative-law form of F3.4's "show your working"*

E-GOVERNANCE purpose is **process re-engineering, not mere computerisation** - the Second ARC insisted **BPR must precede automation** · **FOUR MODELS: G2C · G2B · G2G · G2E · DIGITAL INDIA 2015** with three vision areas (infrastructure as a utility, governance and services on demand, digital empowerment) · **UMANG** single app, and **EPFO services are on it · DigiLocker**

authenticated documents · **GeM** procurement · **CPGRAMS** grievances · **Aadhaar / UIDAI, Aadhaar Act 2016 passed as a MONEY BILL, upheld in Puttaswamy (Aadhaar) 2018 · DBT on the JAM TRINITY: JAN DHAN, AADHAAR, MOBILE · Shram Suvidha** LIN and randomised inspections ·

e-Shram 2021 with its own UAN

1 **BENEFITS:** speed · transparency · **reduced discretion and rent-seeking** · audit trails · cost

2 **LIMITATIONS: THE DIGITAL DIVIDE (the most serious) · EXCLUSION ERRORS**

(digitisation reduces inclusion errors but risks exclusion) · privacy - **PUTTASWAMY 2017**

made privacy a Fundamental Right under **Art 21**, and the **Digital Personal Data Protection Act 2023** now governs · capacity

3 **balanced position: legitimacy depends on maintaining a NON-DIGITAL FALLBACK** - an EPFO office accepting claims only online has excluded the member who most needs it

CITIZEN'S CHARTER originated **UK 1991**, adopted in India after the **Chief Ministers' Conference 1997 · six components:** vision and mission · business transacted · clients · services with **TIME**

STANDARDS · grievance redress details · expectations from clients · **NOT LEGALLY ENFORCEABLE**

- the **2011 Time Bound Delivery Bill LAPSED**, but **States have their own Public Service**

Delivery Guarantee Acts, MADHYA PRADESH first in 2010

SEVOTTAM - THREE MODULES CITIZEN'S CHARTER · PUBLIC GRIEVANCE REDRESS · SERVICE DELIVERY CAPABILITY · *a charter without a grievance mechanism is a promise with no remedy; both without capability are aspiration*

SECOND ARC 2005, VEERAPPA MOILY then V RAMACHANDRAN, FIFTEEN REPORTS

(2006-09) · 1st: "RIGHT TO INFORMATION: MASTER KEY TO GOOD GOVERNANCE"

(recommended repealing the Official Secrets Act 1923) · **4th: "ETHICS IN GOVERNANCE"** (National Ombudsman, partial State funding of elections) · **12th: "CITIZEN CENTRIC ADMINISTRATION"**

(source of Sevottam and enforceable charters) · **15th: "STATE AND DISTRICT ADMINISTRATION"** ·

recommendations: decentralisation and **subsidiarity**, single-window delivery, enforceable charters,

independent grievance machinery, **whistleblower protection (enacted 2014)**, social audit,

performance-linked accountability · **FIRST ARC 1966, MORARJI DESAI then K HANUMANTHAIYA,**

20 REPORTS, recommended the LOKPAL and LOKAYUKTA - enacted only in 2013

GRIEVANCES AND SOCIAL AUDIT CPGRAMS run by **DARPG** under the **MINISTRY OF PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS**, which is under the **PRIME MINISTER** (also housing DoPT and Pensions) · **SOCIAL AUDIT** statutorily mandated under **MGNREGA**, conducted by the **GRAM SABHA**; **MEGHALAYA's 2017 Act** was the first dedicated social audit law · **EPFIGMS is linked to CPGRAMS**, so a dissatisfied member has **three routes: the grievance system, an RTI application, and the statutory appeal then Art 226**

THE SCHEMES HARVEST - by the THREE-FACT RULE (nature, parent, one distinctive fact) · the four 2023-tested items: CAMPA (Environment, compensatory afforestation, CAF Act 2016) · **BIRAC** (Dept of Biotechnology, biotech innovation) · **eSanjeevani** (Health, national telemedicine) · **DEA** (Finance) · plus **National Health Policy 2017's 2.5% of GDP**

- 1 **LABOUR AND EMPLOYMENT:** PM-SYM · NPS-Traders · APY (**PFRDA**) · e-Shram · **ELI through EPFO** · National Career Service
- 2 **FINANCE:** PMJDY · PMJJBY **Rs 436 / Rs 2 lakh** · PMSBY **Rs 20 / Rs 2 lakh** · **MUDRA: SHISHU, KISHORE, TARUN** · Stand-Up India
- 3 **HEALTH:** PM-JAY **Rs 5 lakh, SECC, 60:40** · Health and Wellness Centres · eSanjeevani · NHM · Mission Indradhanush
- 4 **RURAL/URBAN: MGNREGA 100 DAYS, Rural Development, statutory Gram Sabha social audit** · PMAY-G and PMAY-U · Swachh Bharat · **Jal Jeevan Mission = JAL SHAKTI** · Smart Cities and AMRUT = Housing and Urban Affairs
- 5 **AGRICULTURE:** PM-KISAN (three instalments by DBT) · PM Fasal Bima · e-NAM · Soil Health Card
- 6 **EDUCATION/WCD:** Samagra Shiksha and **PM POSHAN** = Education · PMKVY = **Skill Development** · PMMVY, Beti Bachao, Mission Shakti, **POSHAN Abhiyaan = WOMEN AND CHILD DEVELOPMENT**
- 7 **DELIBERATELY OMITTED: current outlays and beneficiary counts** - stale within months, and not what the paper tests

MODULE 1 MASTER NUMBERS - the essentials CA first met 9 Dec 1946 · adopted 26 Nov 1949 · commenced 26 Jan 1950 · 2 years 11 months 18 days · 395 Articles, 22 Parts, 8 Schedules originally, 12 Schedules now · RS 250 (238+12) · LS 552 (eff 550) · Ministers 15% · SC 34 · HCs 25 · 11th Schedule 29 · 12th Schedule 18 · Union 97 / State 66 / Concurrent 47 originally · intermediate panchayat omissible below 20 LAKH · Wards Committee 3 LAKH · metropolitan area 10 LAKH · DPC 4/5 · MPC 2/3 · women 1/3 · PESA ST 1/2 · FC = Chairman + 4, every 5 years, 15th vertical 41%, weights 45/15/15/10/12.5/2.5 · ages: President and VP 35 · LS 25 · RS 30 · panchayat 21 · SC judge retires 65 · HC judge 62 · CAG, CEC, UPSC 65 · State PSC 62 · times: Money Bill 14 days · joint sitting trigger 6 months · Ordinance 6 weeks · National Emergency 1 month SPECIAL · President's Rule 2 months SIMPLE, max 3 years · Financial Emergency 2 months SIMPLE, indefinite · Minister 6 months · RTI 30 days / 48 hours / 30 and 90 day appeals / Rs 250 per day max Rs 25,000

THE FINAL CHAIN - every chapter of Module 1 in one sentence Karachi 1931 → Arts 39/41/42/43, non-justiciable under Art 37 (F1.4) → Parliament under Concurrent Entries 23-24 with Art 246 (F1.8) through the seven stages (F1.5) → EPF & MP Act 1952 → executive frames three Schemes, notified in the President's name under Art 77 (F1.6) → EPFO, statutory (F1.11), tripartite CBT → "State" under Art 12 (F1.3) → APFC's s.7A power quasi-judicial, bound by Art 14 and Art 21 → money voted by Parliament on a share fixed by the Finance Commission under Art 280 (F1.10) → accounts audited by the CAG under Art 148 and examined by the PAC (F1.5, F1.11) → answerable to a citizen under RTI 2005 (F1.11) → reviewable by the CGIT and then the High Court under Art 226, whose review cannot be excluded (L Chandra Kumar, F1.7) → the writ being CERTIORARI

9. Five-Minute Wall Sheet

FIVE-MINUTE WALL SHEET · CHAPTER F1.13 - GOVERNANCE AND MASTER NUMBERS

8 ELEMENTS: participation · rule of law · transparency · responsiveness · consensus · equity · effectiveness · accountability

RESPONSIBILITY = forward · **ACCOUNTABILITY** = backward, with a forum

VERTICAL (superiors) · **HORIZONTAL** (CAG, courts) · **SOCIAL** (social audit, RTI)

E-GOV MODELS: G2C · G2B · G2G · G2E · BPR BEFORE AUTOMATION

DIGITAL INDIA 2015 · UMANG (EPFO on it) · DigiLocker · GeM · CPGRAMS

JAM = JAN DHAN + AADHAAR + MOBILE → DBT

AADHAAR ACT 2016 was a **MONEY BILL** · **PUTTASWAMY 2017** = privacy under Art 21 · **DPDP Act 2023**

BIGGEST E-GOV LIMIT = **DIGITAL DIVIDE** · **EXCLUSION ERRORS** are the risk

CHARTER: UK 1991, India 1997 CM Conference · **NOT ENFORCEABLE** centrally · 2011 Bill **LAPSED** · MP first State 2010

SEVOTTAM = **CHARTER** + **GRIEVANCE REDRESS** + **SERVICE DELIVERY CAPABILITY**

2nd ARC 2005 · **MOILY** · **15 REPORTS** · 1st = "RTI: MASTER KEY TO GOOD GOVERNANCE" ·

4th = **ETHICS** · 12th = **CITIZEN CENTRIC**

1st ARC 1966 · **MORARJI DESAI** · **20 REPORTS** · recommended **LOKPAL** (enacted 2013)

CPGRAMS = **DARPG**, Ministry of **PERSONNEL**, **PG AND PENSIONS**, under the PM

SOCIAL AUDIT statutory under **MGNREGA**, by the **GRAM SABHA** · **Meghalaya 2017 first Act**

2023-TESTED: **CAMPA** (afforestation) · **BIRAC** (biotech) · **eSANJEEVANI** (telemedicine) · **DEA** · **NHP 2.5% GDP**

MGNREGA 100 DAYS · **MUDRA** = **SHISHU/KISHORE/TARUN** · **JAL JEEVAN** = **JAL SHAKTI** ·

PMMVY = **WCD**
